CANDIDATE DECLARATION

By signing this, you agree not to disclose or use in any way (other than to take the test) or assist any other person to disclose or use any OET test or sub-test content. If you cheat or assist in any cheating, use any unfair practice, break any of the rules or regulations, or ignore any advice or information, you may be disqualified and your results may not be issued at the sole discretion of CBLA. CBLA also reserves its right to take further disciplinary action against you and to pursue any other remedies permitted by law. If a candidate is suspected of and investigated for malpractice, their personal details and details of the investigation may be passed to a third party where required.

CANDIDATE SIGNATURE:

TIME: 15 MINUTES

INSTRUCTIONS TO CANDIDATES

DO NOT open this **Question Paper** or the **Text Booklet** until you are told to do so.

Write your answers on the spaces provided on this **Question Paper**.

You must answer the questions within the 15-minute time limit.

One mark will be granted for each correct answer.

Answer **ALL** questions. Marks are **NOT** deducted for incorrect answers.

At the end of the 15 minutes, hand in this **Question Paper** and the **Text Booklet**.

DO NOT remove OET material from the test room.

Part A

TIME: 15 minutes

- Look at the four texts **A-D**, in the separate **Text Booklet**.
 - For each question **1-20**, look through the texts, **A-D**, to find the relevant information.
 - Write your answers in the spaces provided in this **Question Paper**.
 - Answer all the questions within the 15-minute time limit.
 - Your answers should **only** be taken from texts **A-D** and must be correctly spelt.
-

Management of burns: Questions

Questions 1-5

For each question, **1-5**, decide which text (**A, B, C** or **D**) the information comes from. Write the letter **A, B, C** or **D** in the space provided. You may use any letter more than once.

In which text can you find information about

- 1 age-related considerations for initial treatment of burns injuries? _____
- 2 the risks involved in certain treatments? _____
- 3 when to start thinking about specialist treatment options? _____
- 4 treatment informed by patient self-assessment? _____
- 5 how to categorise the severity of a burn? _____

Questions 6-13

Complete each of the sentences, **6-13**, with a word or short phrase from one of the texts. Each answer may include words, numbers or both.

- 6 Classification of burn injuries depends on the amount of _____ caused.
- 7 Patients recovering from third degree burns are likely to experience a great deal of shrinkage and _____ of their skin.
- 8 When evaluating mixed depth burns, you should take into account how the burn looks and whether there is _____ in the affected area.
- 9 You should cool burn injuries by taking off any _____ or jewellery that the patient is wearing.

- 10 When cooling the wound, make sure that you don't put the patient at risk of _____.
- 11 The patient may require a _____ booster, depending on when they were last immunised.
- 12 You should consider leaving _____ undisturbed, as these may help prevent infection.
- 13 You should apply ointments containing _____ to all deeper burns.

Questions 14-20

Answer each of the questions, **14-20**, with a word or short phrase from one of the texts. Each answer may include words, numbers or both. You should **not** write full sentences.

- 14 In the case of mixed depth burns, what factor determines the local treatment to give?

- 15 What is the maximum number of tries recommended for attaching a drip at the scene of a burns incident?

- 16 How much resuscitation fluid should a child receive per kilo over 20kg?

- 17 Before attaching a fluid resuscitation drip to a 9-year-old burns patient, what percentage of the body needs to be affected?

- 18 What additional analgesic is recommended in the first instance for a patient with a moderate level of pain?

- 19 What route should be used to administer ibuprofen to children?

- 20 After how long should a patient's pain relief regime be re-evaluated?

END OF PART A
